

ABAYOMI ADELEKE ADEKUNLE

Ogun Nigeria | +2348130935473 | mechatronics.samson@gmail.com

Professional Summary

To seek and maintain full-time position that offers professional challenges utilizing interpersonal skills, excellent time management and problem-solving skills.

SKILLS

- Ability to use problem solving tools like SIX SIGMA e.g DMAIC, Breakdown Analysis (BDA), GSTD, etc.
- Automation and Instrumentation Proficiency.
- Maintenance Planner using database software such as SAP, CMMS, Prometheus software (planning and execution of preventive and predictive maintenance).
- Core Computer literate, Microsoft. Word, Microsoft Excel, PowerPoint etc.
- To carry out condition monitoring using SKF marlin inspection tools.
- Experience in negotiating skills, leadership training and personnel development.
- High Trouble Shooting Skills.
- General Fitter/Metal Machining.
- Flow station Operations from startup, control and shutdown.
- To overhaul, dismantle and re-assemble hydraulic unit, pumps, compressor, valve, gearbox, high speed automated m/c.
- To operate machine shop equipment e.g. lathe m/c, drilling m/c, power saw m/c, welding m/c.

Work history Summary

Maintenance Planner | Nestle Nigeria Plc.

Agbara January 2024 – Current

- Creation of maintenance schedules using SAP ECC PM.
- Creation of Master Data, PRs and PO follow up with NBS
- Maintain Spare parts inventory
- Preparation of preventive maintenance plans that are aligned with the organization's maintenance goals Using CMMS Software (SAP)
- Procurement purposes
- Facilitating training for new Employee

Maintenance & Automation Technician | Nestle Nigeria Plc.

Agbara - January 2022 – 2024

- Extensive Automation knowledge for intervention and line startup (Allen-Bradley, Siemens)
- Use of SAP.

- Extensive technical knowledge/experience in Workshop Service tools Repair & Maintenance
- Experience operating within a Quality & HSE related Management System compliant to industry standards (ISO 9001, 14001, 18001)
- Participated in specific meetings and engineering /operational reviews (EDOR, WOR etc.)
- Participated and have used problem solving tools such as, GSTD, OPL, BDA and also in a TPM (Total Performance Management) plant.
- To create Master Data views after receiving input from cataloguing department for new creations of machine parts and to update/add existing ones.
- Certified Permit Issuant E.g Mode 4 intervention.
- Lead the Safety Culture and conditions for a Safe Working Environment
- Check and enforce personnel hygiene & safety procedures (e.g., PPE, shoe change & hand wash, LOTO, etc.)

Engineering Technician | Nestle Nigeria Plc.

Agbara Factory - January 2020 - January 2022

- To carry out Condition Monitoring
- Overhauling & Installation of High-speed Automated Machines
- Performed routine maintenance inspections of equipment to identify and respond to problems in a timely manner, thus preventing breakdowns and improving performance
- Provided solutions and fixed equipment malfunctioning, system faults and network errors – Used root-cause-failure techniques, corrective actions, modifications and performed replacements and/or new installation
- Followed up on procurement of machines and spare parts
- Managing third parties/contractors on plant repairs construction and installation
- General overview and review of jobs carried out by technicians
- Member Fire Fighting Marshal
- Line operations troubleshooting and repairs; improving performance of processing equipment
- Understand and utilizing current line efficiency, performance and quality indicators and issues that may arise
- Follow up and carried out of scheduled maintenance on machines

Maintenance Technician | British American Tobacco (BAT)

Ibadan - January 2019 - January 2020

- Operations and Maintenance on GD X2 and X3 Machine
- Automation Troubleshooting on Siemens and Allen Bradley
- Turning & Machining Operations
- Maintenance In Machine shop Equipment & General Workshop Tools
- Ensured safe working environment, provide safety equipment and strictly adhere to their usage, ensure that proper hygiene and good housekeeping regulations are kept.

Education summary

- BSc in Software Engineering: Software Engineering
Miva Open University – Abuja 2023 (in view)
- City and Guilds of London 2023
Level 3 Diploma in Engineering Maintenance, Installation and Commissioning
- National Diploma (ND) in Mechatronics : 01/2016
Yaba College of Technology – Lagos
- National Technical Certificate in Auto Engineering: Automation Engineering
06/2014
Donbosco Technical Institute – Ondo

Accomplishments

- Quick intervention on Wolf LINES for to avoid maggi cube lost
- Reduction of OEM cost for troubleshooting and intervention on Kilian Lines.
- Maintain a steady growth in spare part management, which will help save cost of over 300mil naira on spare part purchase.
- DMAIC project on reduction of product waste of about 3Tons per month, saving more than 15millions Naira

Professional Training and Certifications

- AETI Automation Training Certificate
- Nestle Automation Academy
